Dispatch Anywhere

Internet Transportation Management Software

“Beacon Software and their suite of programs are revolutionizing the Towing Industry. Not even when Gerald Holmes started adding hydraulics to the family product line was there an impact like Beacon has had with Dispatch Anywhere. To the Industry: adopt early or be left behind ... to our competitors: ignore this; we like the unfair advantage!!!”

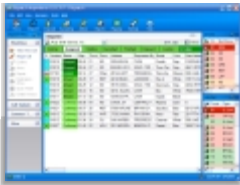

Scott Raughton

Assistant Manager, IT Administrator
Henry's Wrecker Service

Largest Privately Owned Towing Company in North America

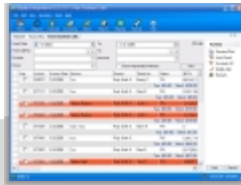

Dispatch Anywhere 2.0 – Now Even More Powerful!
