

Overview

Sage Payment Solutions (SPS) makes it easy for businesses to accept customer payments. Your business can reach higher revenues by accepting multiple forms of payment including credit and debit cards, electronic checks, gift cards, and automatic recurring payments. With Sage Payment Solutions, you can also expand the way you accept payments, from card present and mail order/telephone order (MO/TO) to Internet and payments integrated with Sage Software and other third party software.

Every business is different and has different processing needs. Attention and consideration is given to each SPS processing solution so that it is designed to meet those specific needs. Sage Payment Solutions provides a wide range of merchant services including: merchant accounts, equipment, processing solutions for retail, MO/TO and Internet businesses, and valuable customer retention tools like loyalty cards, online reporting and financial resources that ensure business growth.

Since 1993, Sage Payment Solutions, a division of Sage Software, has revolutionized how, when and where merchants processed payments. Their "best of breed" proprietary payment processing gateway continues to lead the industry with cutting edge technology that enhances security and performance. "One stop solutions" that improve merchants' operating efficiencies and save them money are offered directly as well as through authorized partners. Sage Payment Solutions services the merchant accounting needs of independent sales agents and organizations, providing them with a full menu of payment processing tools.

Market

Sage Payment Solutions customers include retail stores, MO/TO and Internet merchants, sales organizations, utility companies, government agencies, Internet Service Providers, trade associations, financial institutions, gas and convenience stores, hotels, restaurants and entertainment outlets, web hosting companies, newspapers, and medical institutions.

Mission

The Sage Payment Solutions mission is "To exceed customer expectations by simplifying payment solutions, building strong relationships and delivering value."
